

Amphasys AG

Reinventing Single Cell Analysis

We are an innovative and globally active high-tech company, specialized in cell analysis with a focus on the seed and food industry.

We believe that cells hold the key to a sustainable future. Our mission is to unlock the full potential of cellular applications by providing innovative and mobile cell analysis solutions based on our patented microchip technology.

To ensure efficient production of our next generation product line at high quality we are looking for a

Operations and Supply Chain Manager

with at least 3 years of experience. In this important and versatile function, you will manage production and take care of our internal supply processes. Your main tasks will include:

- Plan and coordinate the production of our products in close collaboration with our sales team
- Identify suitable suppliers, prepare and help to negotiate terms and conditions, and audit our contractors
- Interact with our suppliers, place orders and ensure timely receipt at the agreed quality
- Oversee our items stock and ensure capability to deliver to our customers
- Coordinate and take part in the final assembly and testing of goods
- Help to optimize our processes in close collaboration with the R&D and sales teams, help to implement these optimizations and support the team where needed

You have a service-oriented attitude and a well-organized, goal-oriented working style. Your self-motivation and drive help you to work efficiently and reliably on a high-quality level. We expect the following qualifications for this position:

- Master or bachelor in a technical or scientific field or specialist in business administration and applied technical management with a federal diploma of higher education ("Techn. Kaufmann")
- Experience in supply chain management
- Good technical skills and a natural interest in high-tech and analytical instruments
- Excellent IT skills, including Microsoft Office and CRM or ERP tools
- Experience in negotiation with suppliers
- Excellent skills in German and English

What we offer:

- A versatile work environment in a young, emerging company with an enthralling technological background
- An interdisciplinary and exciting working atmosphere, close to the management, with the potential for professional development
- A modern workplace at Technopark Lucerne with great infrastructure and easy accessibility

Are you interested and committed to play a crucial role for the success of Amphasys? Then we are looking forward to receiving your application including CV, motivation letter, references and educational certificates, which you please send by e-mail to marcel.ottiger@amphasys.com.
